

# Scaling up financing and market mechanisms to meet the mitigation challenge

## Side Event:

**Wednesday December 10<sup>th</sup>**

**13:00 – 15:00**

***Light lunch will be served***

You are cordially invited to attend a panel discussion hosted by UNEP and the World Bank examining the challenge of mobilising investment in climate change mitigation.

Discussions will focus on the types of financial and market mechanisms being proposed within the AWG-LCA for scaling up the development and transfer of technology to developing countries. What instruments are needed, for what purposes, and how best can they be deployed?
